

# Uniquely Economical

## Moisture Module

The most important consideration when choosing a heated holding cabinet is the food. Many foods, in particular proteins, hold best in a moist environment. The Moisture Module option for the C5 3 Series delivers 5 times the moisture-generating power of a standard “dry” cabinet at a price far below that of conventional high-humidity alternatives. Metro delivers the ability to assure food safety and improve food quality in a “game changing” design. The Moisture Module inside an Insulation Armour cabinet is a one-of-a-kind product, and an unbelievable value!
